Who is eligible to participate?

- Washington residential customers of Cascade Natural Gas on rate schedule 503 (see your gas bill).
- Customer **MUST** heat home with natural gas provided by Cascade Natural Gas for all incentives.
- Water-heating fuel **MUST** be provided by Cascade Natural Gas for all water-heating incentives.
- Dual-Fuel homes are not eligible for Cascade Natural Gas incentives. (A heat pump combined with a gas furnace is an example of dual-fuel.)
- Energy-saving measures must meet program requirements. Details at www.cngc.com/conservation.
- All equipment and service measures must be installed by a Washington-licensed contractor.
- Building code-required materials are not eligible for incentives.
- Incentives may be subject to change.
- ENERGY STAR homes must be approved by an ENERGY STAR verifier.

Participant Signature: By signing below, Participant agrees to the terms and conditions. Participant represents to CNGC that all energy-saving measures have been completed satisfactorily and Participant meets the eligibility requirements shown under the "who is eligible to participate" section.

Participant Signature: _____ Date: _____

- Complete entire form, including participant signature
- Cascade Natural Gas account number must be provided
- Include Verifier signature and ENERGY STAR NW Database ID number
- Submit incentive application and all necessary paperwork by mail or fax to:**

Mail: Cascade Natural Gas, c/o Lockheed Martin Energy and Environmental Services,
22121 20th Avenue SE, Bothell, WA 98011

TERMS AND CONDITIONS

ELIGIBILITY: Energy conservation or energy-efficiency incentives are available to residential customers of Cascade Natural Gas Corporation (CNGC) served on rate schedule 503 in the State of Washington. Customer must heat home with natural gas provided by CNGC to qualify for heating incentives. Customer must heat water with natural gas provided by CNGC to qualify for all water-heating incentives. Incentive will be paid after completion and verification of the energy-saving measure/s and submission of all required documentation. Customers are advised to retain a copy of this rebate application and any other documentation submitted to CNGC under this program.

SUPPORT DOCUMENTATION: This incentive application and any additional required documentation must be filled out completely, truthfully and accurately. An invoice itemizing the products purchased and/or work performed must be submitted with this application. The document must include (a) the date of purchase and/or date of service and total project costs, (b) the size, type, make, model, or part number for the energy savings products, (c) a description of any installation charges or other labor charges. CNGC will not be responsible for lost documentation pertaining to the incentive request.

PAYMENT: Incentives shall be paid directly to the qualifying participant in the amount authorized at the date of the measure's completion. Application must be postmarked and submitted to CNGC for processing no later than 90 days following installation of required measure. Please allow six to eight weeks for incentive processing. Eligible measures must be installed during the effective dates of the current Residential Conservation Incentive Program tariff (<http://www.cngc.com/rnt.asp>) to qualify for incentive(s).

MEASURES: Incentive for authorized energy-saving measures are limited to the amounts provided on CNGC tariffs 300, 301, 302. All incentivized measures must meet CNGC's energy conservation specifications. Current incentives and specifications are identified on CNGC's website at www.cngc.com and are subject to change. Please contact CNGC with any questions.

ACCESS AND EVALUATION: CNGC and/or its representatives may request access to the property on which energy saving measures have been completed and/or installed and may review and evaluate the project during and after completion. Participants agree to provide access to the property for the purpose described above.

Consent to Release of Customer Information: Participants consent to the release of their customer information (including name, service and mailing addresses, phone number, and account number) by CNGC to its designated internal or third party representatives for the purpose of (1) issuing applicable conservation or efficiency incentives; (2) verifying completion and/or installation of qualified energy-saving measures.

Submit application and all necessary paperwork by mail or fax to:
