**Stand-Alone Incentives: Applications must be postmarked within 90 days of installation.**

Please check the following incentive(s) you are applying for.

<input type="checkbox"/>	Gas Hearth (80+ AFUE)* Incentive \$70	Manufacturer	Model Number	AFUE Rating	Install Date
<input type="checkbox"/>	High Efficiency (90+ AFUE) Gas Furnace Incentive \$150	Manufacturer	Model Number	AFUE Rating	Install Date
<input type="checkbox"/>	High Efficiency Gas Furnace (90+ AFUE) + PTCS Duct Sealing Incentive \$400	Manufacturer	Model Number	AFUE Rating	Install Date
<input type="checkbox"/>	Conventional Natural Gas Water Heater (.62 EF, or greater) Incentive \$25	Manufacturer	Model Number	EF Rating	Install Date

<input type="checkbox"/>	High Efficiency Combination Radiant Heat/Water-Heat System (90+ AFUE condensing tankless hot-water delivery) Incentive \$800	Manufacturer	Model Number	EF Rating	Install Date
<input type="checkbox"/>	PTCS Duct Sealing Incentive \$150	PTCS duct sealing form required			Install Date

\* May not be combined with New Construction ENERGY STAR Upgrades

**Duct Sealing incentives require a PTCS duct sealing form (available at [www.ptcsnw.com](http://www.ptcsnw.com)) provided by your contractor. For all other incentives please skip to eligibility requirements, participant signature and Terms and Conditions.**

Duct Sealing Test Data (Total Leakage Test): Pressurize ducts to +50Pa WRT exterior Performance Tested Comfort System (PTCS) certified contractor or equivalent (Duct Sealing New System or Existing System) required.

### Existing Homes Requirements

Conditioned floor area of house \_\_\_\_ sq ft. x .10 = Maximum Duct Leakage \_\_\_\_ CFM  
 Measured leakage must not exceed .10 CFM50 x floor area (in square feet) served by the system;  
 Or document a 50% reduction in leakage to the outside, by comparing duct leakage to the outside before and after sealing.

### New Construction Requirements

Conditioned floor area of house \_\_\_\_ sq ft. x .06 = Maximum Duct Leakage \_\_\_\_ CFM  
 Measured leakage must not exceed .06 CFM50 x floor area (in square feet) served by the system;  
 or 75 CFM50, whichever is greater.

### Who is eligible to participate?

- Washington residential customers of Cascade Natural Gas on rate schedule 503 (see your gas bill).
- Customer MUST heat home with natural gas provided by Cascade Natural Gas for all heating incentives.
- Customer MUST heat water with natural gas provided by Cascade Natural Gas for all water-heating incentives.
- Dual-fuel homes are not eligible for Cascade Natural Gas incentives. (A heat pump combined with a gas furnace is an example of dual-fuel.)
- Energy-saving measures must meet program requirements. Details at [www.cngc.com/conservation](http://www.cngc.com/conservation).
- All equipment and service measures must be installed by a Washington-licensed contractor.
- Building code-required materials are not eligible for incentives.
- Incentives may be subject to change.

Participant Signature: By signing below, Participant agrees to the terms and conditions. Participant represents to CNGC that all energy-saving measures have been completed satisfactorily and Participant meets the eligibility requirements shown under the "who is eligible to participate" section.

Date: \_\_\_\_\_

## Terms and Conditions

**Eligibility:** Energy conservation or energy-efficiency incentives/rebates are available to residential customers of Cascade Natural Gas Corporation (CNGC) served on rate schedule 503 in the State of Washington. Customer must heat home with natural gas provided by CNGC to qualify for heating incentives. Customer must heat water with natural gas provided by CNGC to qualify for all water-heating incentives. Incentive will be paid after completion and verification of the energy-saving measure/s and submission of all required documentation. Customers are advised to retain a copy of this rebate application and any other documentation submitted to CNGC under this program.

**Support Documentation:** This rebate application and any additional required documentation must be filled out completely, truthfully and accurately. An invoice itemizing the products purchased and/or worked performed must be submitted with this application form. The document must include (a) the date of purchase and/or date of service and total project costs, (b) the size, type, make, model, or part number for the energy savings products, (c) a description of any installation charges or other labor charges. The Company will not be responsible for lost documentation pertaining to the rebate request.

**Payment:** Incentives shall be paid directly to the qualifying participant in the amount authorized at the date of the measure's completion. **Application must be postmarked and submitted to CNGC for processing no later than 90 days following installation of required measure.** Please allow four to six weeks for incentive processing. Eligible measures must be installed during the effective dates of the current residential Conservation Incentive Program tariff (<http://www.cngc.com/rnt.asp>) to qualify for a rebate.

**Measures:** Incentive rebates for authorized energy saving measures are limited to the amounts provided on the company's tariffs 300, 301, 302. All rebated measures must meet CNGC's energy conservation specifications. Current incentives, specifications and rebate amounts are identified on the Company's website at [www.cngc.com](http://www.cngc.com) and are subject to change. Please contact CNGC's conservation department with any questions.

**Access and Evaluation:** CNGC and/or its representatives may request access to the property on which energy saving measures have been completed and/or installed and may review and evaluate the project during and after completion. Participants agree to provide access to the property for the purpose described above.

**Consent to Release of Customer Information:** Participants consent to the release of their customer information (including name, service and mailing addresses, phone number, and account number) by CNGC to its designated internal or third party representatives for the purpose of (1) issuing applicable conservation or efficiency rebates; (2) verifying completion and/or installation of qualified energy saving measures.

## Application Checklist

To ensure prompt payment, be sure you have completed the application checklist below:

---

- Complete entire form, including participant signature
- Attach all invoices for work completed, marked PAID IN FULL (Invoice must include complete product model number)
- Provide Cascade Natural Gas account number
- If applying for a duct sealing incentive, please include the PTCS duct sealing form provided by your contractor

## Submit incentive application and all necessary paperwork by mail or fax to:

**Mail:** Cascade Natural Gas, c/o CSG, P.O. Box 847, Portland, OR 97207

**Fax:** 1.877.671.2998
