Insulation Measures and Incentives:

All self-installs must be pre-approved, please call 1-866-626-4479 prior to installation.

	Beginning R-Value	Ending R-Value	Covered Square Feet	Incentive	Sq Feet x Incentive	Installed Cost
Attic Insulation	R ____ Not more than R-18	R ____ equal to or greater than R-38		\$.25 per sq ft		\$
Floor Insulation	R ____ Not more than R-11	R ____ equal to or greater than R-30 or fill cavity*		\$.45 per sq ft		\$
Wall Insulation	R ____ Not more than R-4	R ____ equal to or greater than R-11		\$.30 per sq ft		\$
R-Value describes the capacity of a material to resist heat transfer. The <u>higher</u> the R-Value of a material, the greater its insulating properties.		Install Date		Total Incentive - \$		
		* minimum of R-19 or higher to fill cavity				

Participant Signature: By signing below, Participant agrees to the terms and conditions. Participant represents to CNGC that all energy-saving measures have been completed satisfactorily and Participant meets the eligibility requirements shown under the "who is eligible to participate" section.

Participant Signature: _____ Date: _____

Who is eligible to participate?

- Washington residential customers of Cascade Natural Gas on rate schedule 503 (see your gas bill).
- Customer MUST heat home with natural gas provided by Cascade Natural Gas.
- Dual-Fuel homes are not eligible for Cascade Natural Gas incentives. (A heat pump combined with a gas furnace is an example of dual-fuel.)
- Energy-saving measures must meet program requirements. Details at www.cngc.com/conservation.
- All equipment and service measures must be installed by a Washington-licensed contractor.
- Attic/ceiling and floor insulation eligible for self-installation. Call us at 1-866-626-4479 before beginning work to receive a pre-approval letter.
- Building code-required materials are not eligible for incentives.
- Incentives may be subject to change.

Energy-Saving Measure	Basic Specifications	Incentive
Floor Insulation	Equal to or greater than R-30 or fill the cavity*, prior condition must not exceed R-11	\$0.45 per sq. ft.
Wall Insulation	Equal to or greater than R-11, prior to condition must not exceed R-4	\$0.30 per sq. ft.
Ceiling or Attic Insulation	Equal to or greater than R-38, prior condition must not exceed R-18	\$0.25 per sq. ft.

*minimum of R-19 or higher to fill cavity

Application Checklist

To ensure prompt payment, be sure you have completed the application checklist below:

- Complete entire form, including participant signature
- Attach all invoices for work completed, marked PAID IN FULL. Invoice must include the beginning and ending R-Value and the square footage installed (or note "filled cavity" where applicable)
- Cascade Natural Gas account number must be provided
- Insulation must be installed by a certified contractor unless otherwise approved by Cascade Natural Gas
- If submitting an application for self-installed insulation, include your approval letter with this application

Terms and Conditions

Eligibility: Energy conservation or energy-efficiency incentives/rebates are available to residential customers of Cascade Natural Gas Corporation (CNGC) served on rate schedule 503 in the State of Washington. Customer must heat home with natural gas provided by CNGC to qualify for heating incentives. Customer must heat water with natural gas provided by CNGC to qualify for all water-heating incentives. Incentive will be paid after completion and verification of the energy-saving measure/s and submission of all required documentation. Customers are advised to retain a copy of this rebate application and any other documentation submitted to CNGC under this program.

Support Documentation: This rebate application and any additional required documentation must be filled out completely, truthfully and accurately. An invoice itemizing the products purchased and/or worked performed must be submitted with this application form. The document must include (a) the date of purchase and/or date of service and total project costs, (b) the size, type, make, model, or part number for the energy savings products, (c) a description of any installation charges or other labor charges. The Company will not be responsible for lost documentation pertaining to the rebate request.

Payment: Incentives shall be paid directly to the qualifying participant in the amount authorized at the date of the measure's completion. Application must be postmarked and submitted to CNGC for processing no later than 90 days following installation of required measure. Please allow four to six weeks for incentive processing. Eligible measures must be installed during the effective dates of the current residential Conservation Incentive Program tariff (<http://www.cngc.com/rnt.asp>) to qualify for a rebate.

Measures: Incentive rebates for authorized energy saving measures are limited to the amounts provided on the company's tariffs 300, 301, 302. All rebated measures must meet CNGC's energy conservation specifications. Current incentives, specifications and rebate amounts are identified on the Company's website at www.cngc.com and are subject to change. Please contact CNGC's conservation department with any questions.

Access and Evaluation: CNGC and/or its representatives may request access to the property on which energy saving measures have been completed and/or installed and may review and evaluate the project during and after completion. Participants agree to provide access to the property for the purpose described above.

Consent to Release of Customer Information: Participants consent to the release of their customer information (including name, service and mailing addresses, phone number, and account number) by CNGC to its designated internal or third party representatives for the purpose of (1) issuing applicable conservation or efficiency rebates; (2) verifying completion and/or installation of qualified energy saving measures.

Submit incentive application and all necessary paperwork to:

**Cascade Natural Gas
c/o CSG
P.O. Box 847
Portland, Oregon 97201**
