

## Give your home some love—insulate.

A happy home is an insulated one. Proper insulation and air sealing keep your home warm in the winter and cool in the summer while reducing energy costs by up to 30 percent.

**Maximize efficiency and your investment.** Whether you are insulating attics, walls or floors, cash-back incentives from Cascade Natural Gas help offset the cost. You may also be eligible for federal tax credits, visit [www.energystar.gov](http://www.energystar.gov) for more information.

---

### Cash in with these conservation incentives:

Ceiling or attic insulation—\$0.25 per square foot

Wall insulation—\$0.40 per square foot

Floor insulation—\$0.45 per square foot
