

# NEED A NEW WATER HEATER? ASK FOR ENERGY STAR®.

When it's time to replace your natural gas water heater, choose an energy-efficient model. You'll save on energy costs and, as a Cascade Natural Gas customer, you'll get \$150 cash back through Energy Trust of Oregon.

# DON'T GET SOAKED WITH AN INEFFICIENT WATER HEATER.

Whether you need to replace your water heater in a hurry or are planning ahead, knowing what to ask for can save you money.

Ask your retailer or plumber for a qualifying ENERGY STAR water heater. High-efficiency natural gas models can reduce your water heating costs by up to 30 percent. You'll also enjoy a steady supply of hot water, an Energy Trust cash-back incentive up to \$150 and a state tax credit.\*

**Start saving with a new water heater. Visit [www.energytrust.org/waterheater](http://www.energytrust.org/waterheater) or call Energy Trust at 1.866.368.7878 to find a local retailer or plumber.**

*\*To qualify for an incentive, your water must be heated with fuel from Cascade Natural Gas, Portland General Electric, Pacific Power or NW Natural. Incentives are subject to funding availability and may change.*
