

NOTICE OF PROPOSED RATE INCREASE

On February 28, 2019, Cascade Natural Gas Corporation (Cascade) filed the following request with the Washington Utilities and Transportation Commission (WUTC) proposing an overall average 11.94 percent temporary revenue increase, effective April 1, 2019. The increase is proposed to be in place for two years.

Deferred Gas Cost Recovery: Cascade requested an adjustment to rates to recover the increased cost of natural gas resulting from a pipeline explosion on the Enbridge supply pipeline that occurred on October 9, 2018. The explosion and subsequent repair impacted gas supplies and prices beginning in October 2018 through the current year. This temporary rate increase is proposed to be in place for two years to help mitigate the financial burden on customers.

Gas costs are a straight pass through, meaning, Cascade does not earn a profit on the cost of gas. The actual cost of gas is compared to the approved cost built into customer rates with the difference ultimately being charged or refunded to customers in a subsequent period. This filing is the true-up component to pass on actual increased gas costs that Cascade has incurred and paid.

Cascade has worked diligently to manage gas costs and even with the proposed increase, customers' bills are 19 percent lower than they were in 2009.

	2009	2010	2011	2012	2013	2014	2015	2016	2017	2018	2019
Avg Res Bill	\$61.54	\$55.49	\$48.98	\$45.41	\$54.12	\$57.34	\$48.81	\$45.71	\$49.30	\$43.75	\$49.82

The WUTC will review this filing and has the authority to set final rates that may vary from Cascade's requests, either higher or lower, depending on the results of its investigation.

If the WUTC approves this proposal, the total increase for a residential customer using 54 therms per month will be 13.88 percent or \$6.07 more per month, increasing the total average monthly Cascade bill from \$43.75 to \$49.82.

The combined proposed rate changes for residential, commercial, and industrial customers are:

Type of Service	Current Rate**	Current Avg Bill*	Proposed Rate**	Proposed Avg Bill*	Percent Change In Bill
Residential, Schedule 503	\$0.71755	\$43.75	\$0.83000	\$49.82	13.88%
