

INSTANT WARMTH ON THOSE COLD WINTER DAYS

Warm up to lower energy costs this winter when you upgrade to a high-efficiency direct-vent gas fireplace. You'll enjoy better indoor air quality and have warmth instantly without the mess and hassle that comes with burning wood. As a customer of Cascade Natural Gas, you could get up to \$250 cash back from Energy Trust of Oregon on qualifying models.

FIND THE PERFECT MATCH FOR YOUR HOME

Gas fireplaces radiate direct heat into your space, giving you the ambience and warmth of a traditional fire without smoke or embers. Available in different styles, sizes and finishes, you'll be able to find a model that works with the look and layout of your home—some units can even be operated with a remote control.

Find eligibility details and local contractors at www.energytrust.org/fireplace or call 1.866.368.7878.

**Incentives are subject to funding availability and may change. Working with an Energy Trust trade ally contractor is not required to receive incentives.*

HEATING TIPS

If you're not ready to make a large upgrade, there are many easy ways to improve comfort and reduce heating costs during the colder months:

- Clean and replace filters regularly to help your furnace operate efficiently
- Add weather stripping to drafty doors and windows
- Cover bare floors with rugs to add comfort and help retain heat
