

GET READY FOR COZY DAYS AHEAD

Is your home ready for another cold season? Get your home prepared for winter weather by sealing up drafts, adding insulation and installing high-performance windows. Upgrades could reduce your heating costs by as much as 30 percent and, as a customer of Cascade Natural Gas, you are eligible to receive cash back from Energy Trust of Oregon on a variety of projects.

In the Community to Serve®

IMPROVE VALUE AND EFFICIENCY FOR YEARS TO COME

In addition to keeping you comfortable year-round and saving on energy costs, adding insulation and replacing windows will add lasting value and curb appeal to your home. Energy Trust can help you find local trade ally contractors who will ensure proper installation and help you apply for cash back.*

Other benefits of new windows and insulation include:

- Reduced noise
- Better temperature consistency
- Moisture control
- Reduced UV sun damage to furniture and floors

Browse a list of available incentives at www.energytrust.org/home or call 1-866-368-7878.

**Incentives are subject to funding availability and may change. Working with an Energy Trust trade ally contractor is not required to receive incentives.*
