

SMALL CHANGES FOR BIG SAVINGS

Participating in Earth Day can take many forms, and no action is too small.

Energy Trust of Oregon offers a list of easy, no-cost and low-cost energy-saving changes you can make at home to increase comfort, lower energy costs and benefit our planet.

Investing in an energy-efficient upgrade is another way to save energy, and as a customer of Cascade Natural Gas, you can get cash incentives from Energy Trust to help reduce out-of-pocket costs.

ENERGY-SAVING TIPS

Lowering energy use doesn't have to be difficult or expensive. Try these simple tips to save energy in your home:

- Shorten showers to cut hot water costs—using a timer can help you track and reduce your shower time.
- Wash and rinse laundry with cold water and only run full loads whenever possible.
- Clean or replace filters regularly to help your furnace work at peak efficiency.
- Seal air and duct leaks to reduce the loss of heated or cooled air.

Find additional low-cost and no-cost savings tips at www.energytrust.org/tips or call 1.866.368.7878.

Incentives are subject to funding availability and may change.

GAS FURNACE BONUS EXTENDED

Through May 31, 2021, income qualified households and owners of single-family rental properties are eligible for a cash incentive of \$1,000 towards a high-efficiency gas furnace.

Visit www.energytrust.org/residentialbonus for details.
