

Re-COV-ery: Opportunities for Commercial/Industrial Customers

As we begin the long recovery from COVID-19, Commercial/Industrial customers who install three or more energy-efficient upgrades are eligible for increased incentives. Food service equipment, HVAC, and building weatherize may qualify for an additional **10%** in incentives.

CNGC WANTS TO HELP BUSINESSES RECOVER

Businesses under 50,000 square feet are eligible to receive a **10% increase** in incentives as part of CNGC's Re-COV-ery initiative when installing any three measures. What can you upgrade? Here are some examples:

- Add three new furnaces, **or**
- Install a new tankless water heater and two new fryers, **or**
- Complete a qualifying insulation project, replace old single-pane windows and add a new boiler

Ready to get started?

Call 866-450-0005 or visit www.cngc.com/energy-efficiency for details.

“When we received our rebate check in the mail, I broke down in tears. It couldn’t have come at a better time. Our business had been surviving week to week and the check finally allowed us to breathe a sigh of relief.”

- Elena Gavin (Program Participant and Co-Owner of Layered Cake Artistry)
