

# INSTANT WARMTH ON COOL WINTER DAYS

It's hard to think about winter during the heat of the summer, but now is a great time to start thinking about your heating needs for cooler days. Warm up to lower energy costs this winter when you upgrade to a high-efficiency direct-vent gas fireplace.

As a customer of Cascade Natural Gas, you could get up to \$250 cash back from Energy Trust of Oregon on qualifying models.

*In the Community to Serve®*

# WARMTH AND COMFORT YOU CAN COUNT ON

High-efficiency natural gas fireplaces are easy to operate, can help improve indoor air quality and provide heat directly to the interior spaces where they are installed. Many natural gas fireplaces will work even if the power goes out, so you won't have to worry about staying warm during an outage or extreme weather event.

**Find eligibility details and local contractors at [www.energytrust.org/fireplace](http://www.energytrust.org/fireplace) or call 1-866-368-7878.**
