

Washington Energy Assistance Fund (WEAF) is available from Cascade Natural Gas to help qualified customers with utility bills.

Despite keeping a close eye on the thermostat, bills may increase during the winter months. WEAF resources are available to anyone who qualifies and are a great way to help offset the current rise in the cost of living.

Our Community Action Agency partners process applications quickly and easily so customers can get back on track.

Apply today by contacting a local Community Action Agency listed on the back of this insert or by calling our Customer Service at 888-522-1130.

Los hispanohablantes están disponibles para servirle en Cascade Natural Gas y en cada agencia de Community Action.
