In the Community to Serve®

Let's Get Started

Whether you're looking to add an additional heat source, or planning to upgrade an existing fireplace, **we've got you covered.**

Cascade incentivizes installs for high-efficiency natural gas inserts and ranges. To qualify, the efficiency will need to meet a 70% EnerGuide FE (fireplace efficiency) or higher. Steady state efficiencies do not meet eligibility requirements.

Terms and conditions apply. Contact Cascade Natural Gas today to learn more about saving energy, 866-626-4479.

Natural Gas Fireplace

\$300 REBATE

70% FE or higher

Must be installed by a WA licensed contractor. Submit invoice and application online:
