

Save money with cash incentives and no-cost walkthroughs.

Cascade Natural Gas helps business owners save money by saving energy. You can receive cash incentives for new equipment that reduces energy use or schedule a walkthrough with our team to save energy using your existing equipment.

Cascade Natural Gas offers three ways to save. Our team can help you pick the best one for your business – at no cost!

Standard Incentives

Need to replace old, inefficient equipment? Get cash rebates to install equipment that saves energy.

Custom Incentives

Interested in a project that saves gas, but not sure how it fits into standard incentives? Work with our team to get cash incentives for custom or larger projects.

Retrocommissioning

Looking to upgrade existing equipment to save energy? Our team can do a no-cost walkthrough of your site to help you save energy with the equipment you already have.

To get started, call **866-450-0005** or visit **www.cngc.com/energy-efficiency**
