Learn How You Can Save

Roof insulation plays a crucial role in maintaining indoor temperatures, reducing the demand for heating and ensuring comfort year-round. After completing their roof insulation project, Fred Meyer is projected to save **59,692.68 therms annually**, significantly reducing their energy consumption.

The Cascade Natural Gas Corporation Commercial and Industrial program offers a variety of rebates for the installation of high-performance upgrades to help optimize operating budgets and energy use.

Eligible Upgrades Include:

Heating
upgrades

Food service
equipment

Building
weatherization

Water heater
upgrades

We're ready to help your business save energy and earn a rebate check of your own.
