## ***Oregon Customer Notice***

### ***Cascade Natural Gas Corporation files natural gas rate increase request***

This announcement provides Cascade Natural Gas Corporation (Cascade) customers with general information about the Company's general rate case filing and its potential effect on their bills. Calculations and statements within this announcement are informational only and are not binding on the Public Utility Commission of Oregon (Commission).

On May 31, 2018, Cascade filed a request with the Commission to increase natural gas rates. The main reason for the rate increase request is to recover investments in natural gas facilities to ensure safe and reliable service. The rate revision is offset partially by the decrease in federal income taxes resulting from the Tax Cut and Jobs Act.
