

Conservation Incentive Program September 2011 Trade Ally Newsletter

Have you reached your 2011 Trade Ally target?

As a reminder, to remain an Active Trade Ally for Cascade Natural Gas, you must have at least 10 projects per year processed through our Conservation Incentive Program. If you have questions about our program requirements please call. We'll soon be contacting all our Trade Allies individually to advise you of your current status.

HVAC & Plumbing Trade Allies

Make an impact - fill out our survey

We're considering adding a modified Point of Sale option as a benefit to our HVAC and plumbing Trade Allies, but need your input on whether it is something you would be interested in pursuing.

We emailed you a survey last week. Please respond by October 7, 2011 to voice your opinions and thoughts about the potential benefit and if you would be interested in providing this option to your customers.

If you did not receive, or misplaced the email please follow the hyperlink below to view and submit the survey: <http://www.surveymonkey.com/s/9Q9KVBX>

Put your bonus coupons to good use before December 31, 2011

Be sure to use your 2011 bonus coupons before their expiration. Eligible measures must be installed on or before December 31, 2011. We'll provide new 2012 coupons to our active HVAC and Plumbing Trade Allies after the first of the year, so use those coupons now to encourage more of your customers to install qualifying high-efficiency measures.

Last Call for Active Weatherization Trade Allies - We've extended your pre-approval deadline

➔ Each active weatherization trade ally has the option for reimbursement of up to \$1000 worth of pre approved CIP relevant third party trainings. All approval requests must be submitted by October 31, 2011. Please contact Monica Foster or Brian Farnsworth with questions or to seek pre-approval.

EXCLUSIVE BENEFIT!

As of August insulation and PTCS duct sealings performed by you, our Trade Allies, are the only weatherization projects eligible for CNGC incentives.
