

**SCHEDULE 800**  
**BIOMETHANE RECEIPT SERVICES**

**PURPOSE:**

This Schedule establishes terms and conditions whereby qualifying producers of biomethane (Biomethane Producer) may request either a newly constructed interconnection to the Company's distribution system or increased capacity at an existing interconnection point, and associated extension of distribution system and related facilities (Project Facilities) for the purpose of injecting and transporting qualifying Producer-supplied biomethane on the Company's distribution system. Service under this Schedule does not pertain to the receipt of Company-supplied or produced biomethane or to situations where the Company will purchase or own the environmental attributes associated with the biomethane.

**APPLICABILITY:**

Service under this Schedule may be available to Biomethane Producers who meet all of the following conditions:

- 1) The Producer will transport biomethane on the Company's distribution system;
- 2) The Biomethane Producer must meet the credit screening criteria as established for nonresidential customers in Rule 3;
- 3) The raw biogas from which the biomethane is produced must be from one or a mix of the following feedstocks: a) agricultural byproducts; b) wastewater; c) landfill waste; or d) food and beverage waste; or e) other cellulosic materials;
- 4) The Company has determined that injection of biomethane will not jeopardize or interfere with normal operation of the Company's distribution system and its provision of gas service to its customers and its ability to comply with all legal and regulatory requirements;
- 5) The Company has determined that Company's distribution system has the capacity to accept the biomethane and/or Project Facilities capable of enabling the acceptance of the biomethane can be designed, constructed, and operated in accordance with all applicable local, state, and federal requirements; and
- 6) Prior to the Company's building an interconnection, the Biomethane Producer must demonstrate to the Company's satisfaction that it has secured end user(s) either on the Company's system or outside of the Company's system who agree to purchase or move off the system all the estimated biomethane production. If the end user is outside of the Company's system, the Biomethane Producer must demonstrate to the Company that it has secured the appropriate transmission rights to move the biomethane off the Company's system. The Company reserves the right to terminate Biomethane Receipt Services until the Producer has met this requirement.

**Schedule 800**  
**Biomethane Receipt Services**

**CURTAILMENT OF BIOMETHANE RECEIPT SERVICES**

The Company may curtail receipt services without notice for reasons that may include but are not limited to Force Majeure, safety, failure for Biomethane to meet the minimum gas quality standards, insufficient capacity on Company’s distribution system, or inability of the Company’s distribution system to accept any or all of the biomethane produced and scheduled or unscheduled maintenance. The Company will not be liable for damages occasioned by partial or total curtailment of Biomethane Receipt Service under this Schedule.

Also, any failure by the Producer to comply with the terms and condition of service in this Schedule and or the Interconnect Agreement, including, but not limited to, failure to provide information in a timely manner, failure to provide access in a timely manner, and failure to pay for services rendered may result in curtailment of services.

**TERM OF SERVICE**

Service under this Schedule shall be rendered in accordance with the effective date established in the Interconnect Agreement and shall continue until terminated. To terminate service under this Schedule, either party must provide written notice stating the intent to terminate service effective no less than 60 days from the date the notice is received by the other party’s designated representative as identified in the Interconnect Agreement. Upon termination of service, the Company may, at its sole option, remove or retire in place any or all Company-owned facilities.

**PROJECT FACILITIES**

The Company will furnish an interconnection facility and extension of its distribution main system and related infrastructure free of charge to provide firm natural gas service to any applicant for such service up to an estimated cost of construction to provide such service equal to four and one-half (4-1/2) times the estimated annual Basic Service Charge plus estimated Base Rate revenue. If the estimated cost of construction exceeds four and one-half (4-1/2) times the estimated annual Basic Service Charge plus estimated Base Rate revenue, the Producer will be required to pay the difference plus an amount to account for federal income tax.

**TAX ADDITIONS**

The rates named herein are subject to increases as set forth in Schedule 100 for Municipal Exactions.

(N))

**GENERAL TERMS**

Service under this Schedule is governed by the terms of this Schedule, the rules contained in this Tariff, and other schedules that by their terms or by the terms of this Schedule apply to service under this Schedule, by all the rules and regulations prescribed by regulatory authorities, as amended from time to time, and by the applicable Interconnect Agreement.
