RE: NEW, CNGC Advice No. W26-06-01, Schedule 700, Climate Commitment Act

Director Killip:

Cascade Natural Gas Corporation (Cascade or Company) submits to the Washington Utilities and Transportation Commission (Commission) the following revisions to its Tariff WN U-3, stated to become effective with service on and after August 1, 2026:

Fourth Revision of Sheet No. 700.1
Fourth Revision of Sheet No. 700.2

The purpose of this filing is to revise Schedule 700, Climate Commitment Act (CCA) Rate Adjustment so that the CCA charge and credit—currently named the WA Climate Act Fee and WA Climate Act Credit—are renamed the CCA Compliance Cost and the CCA Customer Benefit. This change to the tariff will correspond with a change to the line-item descriptors on customer bills. Any references on the Company's website will also be updated and Customer Service representatives will be advised of the change in the event customers have questions.

Commission Staff requested in Docket UG-260212 that Cascade change the name of the WA Climate Act Credit to CCA Customer Benefit. Cascade agreed to make the change in a subsequent housekeeping filing to allow time to change each instance of the charge and credit name in tariff, bills, and the CNGC website.

This electronic filing is comprised of the following files:

- NEW-CNGC-Advice-No.-W26-06-01-CLtr-06-01-2026.pdf
- NEW-CNGC-Advice-No.-W26-06-01-Trf-06-01-2026.pdf

Please direct any questions to Jennifer Gross at (509) 975-9473 or jennifer.gross@cngc.com.

Sincerely,

/s/ Michael Parvinen
